Leadership

Since Fall is a time of transition, we think it's a great time to introduce you to the incoming President of the SCG Trustees, Jim Armstrong.

Jim was born in Greensboro, graduated from Greensboro High (now Grimsley), and went on to graduate from USMA at West Point. His 29 years of US Army Infantry service included tours in Saudi Arabia and Vietnam as well as serving as an Associate Professor of Mathematics at USMA for 8 years.

Jim first retired in 1986 and went on staff at Educational Testing Service as a senior test developer for AP Calculus and Statistics programs. When he retired for the second time in 1996, he and Joan moved to Atlanta until their return to Greensboro in 2011, locating nearer to their two children and three grandchildren. They live at WellSpring, where Jim is now President-Elect of the residents' association.

Jim joined the Board in 2012, recruited and motivated by our founder, Jim Weikel. He now has time to give back to a community that gave him so much as a young man.

"I welcome the opportunity to work with SCG to provide great programs and services that will enrich the lives of older citizens on Greensboro."

Please welcome Jim when you meet him or call on him with ideas and support.

Fall 2014

A Note from SCG's Executive Director

Each year I try to decide on my favorite season, tossing between spring and fall. This past spring was so hectic, while beautiful, that I give the nod to FALL for its potential cooler weather, glorious colors and for hosting my favorite holiday, Thanksgiving. Having just completed my first year at SCG, I have so much for which to be thankful. Your support, laughter, ideas and words of encouragement are deeply meaningful.

This fall, I also look forward to my first national conference of Shepherd's Centers of America where I will have the opportunity to meet hundreds of SC staff and volunteers. Sharing ideas and looking to the future is a perfect fall activity, especially since I will be accompanied by our founder and Trustee Emeritus, Jim Weikel, and our Board

member, Ann Adams. Stay tuned for what's happening in the world of keeping older adults engaged in staying young-at-heart-and-mind.

Please check out the new AIL classes, the addition of an iPad class at ShepNet, and the need for your volunteer time. I would also like to ask you to consider a gift to support the work of your Shepherd's Center that stays dedicated to aging with grace.

SCG Board ...updates & challenges

- Planning for the transition to a new Board President in October
- Replacing declining congregational support while maintaining full service programs.
 - ⇒ Seeking senior-related advertising from selected sources in order to cover the cost of printing and marketing while sharing relevant service information.
 - ⇒ Reviewing program fees in relation to costs. The AIL registration fee will change to \$40 to cover the increased cost of communications, postage, class materials, office supports and our program manager's valuable time.
- Celebrating our volunteers both internally and through community announcements.
- Restructuring committees that will involve participants as well as Board leadership in plans for the agency

Do you have an idea? A friend to involve? CALL US!

Special note:

It is with deep appreciation that the Board of Trustees transitions our current President, William (BILL) Linton, to the great seat of Past President. In that seat, he will continue to share his ideas, expertise and wisdom as a working member of the Board.

Bill took on a third year of leadership to assist with the agency's transition to a new Executive Director. Representing us well throughout the community with his many connections, he has a special ability to move people to say "yes" as he prepares SCG for the next decade of change and challenges. Passion for a joyful life and for the causes he supports is evident when you talk with Bill; we are grateful that SCG is one of those passions!

Hats off to YOU, Bill

ANNUAL FUND Campaign

There are so many reports on the number of adults who turn 65 each day, the growing needs for medical options, Guilford County staying near the top of the list for senior relocations, and a variety of services changing their marketing to seek your business. As we attend meetings on ways to be resilient and have a full life well into our 80s and 90s, the list includes assets such as mental stimulation, physical activity, exploring new places and people, finding value in life, and belonging. Our founders and volunteers were wise before their time when they designed SCG. For these are all elements found in the programs and services of Shepherd's Center.

With all the change around us, the Shepherd's Center is staying focused on **YOU**, your recommendations and our mission to serve independent adults. Our programs stimulate thinking, involve socialization and provide services that help seniors stay in their homes. The column on the left highlights some of our successful services/programs and the volunteers that we work with to accomplish our goals.

With no government funding, declining congregational support and a *cut-to-the bones* small budget for operations, we need your support to continue Shepherd's Center programs and operations. The Annual Fund contributions support two part-time staff, all office operations, materials, plus volunteer recruiting and communications.

Please consider a gift to the 2014 Annual Fund, knowing that your support is vital to the activities we all need as we age in place and stay connected in our community.

I believe the Shepherd's Center is an important resource for older adults.

She never imagined...

This is the story about a wonderful woman who is dear to my heart, Mildred Hughes, my grandmother, pictured here at her 100th birthday party, and 35 years into retirement.

We begin when my grandfather retired from Acme McCrary in 1975. He had worked hard for decades, sacrificed and was diligent about saving in Order to one day retire comfortably. They owned their home, had a pension and social security plus their nest egg. They were confident that the money would last as long as they did.

For 18 years they lived a wonderful retirement. Days filled gardening, golfing and spending time with their four grandchildren. Then, in 1993, due to growing health concerns, a very tough decision had to be made. Where could they get the care they needed? After a lengthy debate, they left both their home and friends in Asheboro and relocated to Friends Home West. A new chapter was beginning, however, no one could have anticipated how long it was to be.

Fast forward 15 years...my grandfather died in 1995 and Grandmother experienced several falls, as well as numerous health challenges throughout the years, overcoming them all. Unfortunately, her savings could not overcome the market corrections in 2000 and 2008. Her Nest Egg which was once ostrich sized now resembled the egg of a much smaller bird. This realization meant my father had to tell Grandmother that at age 100 and after living 17 years at Friends Home West she would have to move again.

Today she lives in Sanford. The **GOOD** news is she is closer to my parents and my other grandmother and going strong at 102. The **BAD** news is she had no choice but to move into a Medicaid approved facility. I will never forget what she said to me a few years back and just how much one simple sentence impacted our entire family!

"Knox, I never would have imagined that I would live so long"

The biggest fear facing retirees today is the fear of running out of money. For over 15 years I have helped protect my clients in avoiding the two major challenges that could impact their retirement plans: the cost of health care and living longer than they could have imagined.

I can help you understand the difference between traditional pay as you go LTC and asset based LTC which can protect your family, at NO cost to you. Along with our proprietary **Income for Life** software, we can guarantee that you will never have to worry about the rising cost of health care or living too long. Make the call today!

A Quilt is a Story...with a hidden gem

Janet Dietz has been a quilting instructor at Adventures In Learning for fourteen years. Janet says, "Volunteering for the Shepherd's Center has given me the opportunity to share my love of quilting and bring out the creativeness and talents of my students."

Sewing became part of Janet's life at an early age. She learned embroidery from her grandmother plus her mother was a seamstress. When she joined 4-H, one of her projects was to make button holes, a hard thing to do. Crocheting was her next skill, then cross-stitch, appliqué and finally she arrived at hand quilting. "I persevered and little by little it seemed natural and became my first love."

When her husband's job took them to Germany, South Africa, Australia and Mexico, she found quilting groups wherever they went. Since returning to Greensboro, she has been president of the Piedmont Quilters' Guild. She loves to try new ideas: photos on cloth, marbled fabric and sun painting.

Janet says, "I like a challenge and to have fun with it." Her most challenging quilt has been a landscape theme as a representation of her own backyard. With many designs and ribbons to show success, she is a strong teacher who shares her skills with beginners and experienced quilters. Her students have completed "stack and whack" methods, plus beautiful table runners, Temari Japanese patterns and other colorful projects. Students in AIL classes share supplies and learn from each other, starting a quilt in class and continuing to work on it at home.

Janet says of her teaching for the Shepherd's Center, "It's been rewarding and I've thoroughly enjoyed it. I will continue to work as an instructor as long as I can come up with creative ideas and designs." We are sure her students are glad to hear that since they say she is a "hidden gem."
